COMPUTER SCIENCE / SOFTWARE ENGINEERING

EDUCATION

University of Nevada, Las Vegas

Expected: August 2024

Bachelor of Science in Computer Science - GPA: 3.5

College of Southern Nevada

May 2022

Associate of Science - GPA: 3.5

TECHNICAL SKILLS

Languages: C++, Python, Java, C#, JavaScript, HTML, CSS, SQL

Frameworks/Tools: React, TypeScript, Docker, Git, Visual Studio Code

Databases: MySQL, MongoDB, PostgreSQL

Other: Data Structures, Algorithms, Statistical Analysis, Linux, Windows

PROJECT EXPERIENCE

Progressive Web App (React, TypeScript) <https://github.com/UNLV-CS472-672/2024-S-GROUP1-Roadwatch>

- Part of 10-person team to develop road safety app, winning 1st place in Software Design Competition
- Implemented user interaction features and data visualization using React and TypeScript

NBA Live Scores App (Python) <https://github.com/B-Timok/SideProjects/tree/main/pyProjects/sportsScores>

- Developed GUI application using pytz and tkinter to display real-time NBA data from API
- Implemented data fetching, parsing, and analysis for live score updates

Speedcube Dataset (SQL) <https://github.com/B-Timok/SideProjects/tree/main/sqlProjects/speedCubes>

- Designed MySQL database for tracking speedcube solve times
- Utilized SQL queries for performance analysis and statistical reporting

WORK EXPERIENCE

Software Developer (Contractor)

July 2024 – Present

Lessi AI

- Develop lesson planning tools for K-12 educators using C#
- Work with APIs, PostgreSQL, Docker, and GitHub for application development
- Collaborate with the CTO on implementing new features and improving existing ones

Web Development Intern

November 2023 - March 2024

UNLV Office of Economic Development

- Collaborate with clients on website improvements using HTML, CSS, and JavaScript
- Gain experience with React and IT infrastructure management

E-Commerce Business/Website Owner

February 2017 - January 2021

Shopify

- Scaled e-commerce business from solo operation to managing 100+ contractors
- Developed Shopify-based website, integrated payment systems and order management
- Implemented data-driven marketing strategies, resulting in significant growth
- Recruited over 100 highly skilled contractors, managed payroll, and took care of all customer relations.

LEADERSHIP EXPERIENCE

Counselor, Nevada Childhood Cancer Foundation

July 2014 – Present

- Lead groups of 10-20 children, developing leadership and communication skills

CERTIFICATIONS & RELEVANT COURSEWORK

- Front-End React Skill Path (Codecademy), Foundational C# (Microsoft/FreeCodeCamp)
- Data Structures, Algorithms, Database Management, Machine Learning, Networks, Software Engineering
